Casa del Mar | Valentines Dinner 2010

Do you know the history behind Valentine's Day? According to our sources, Valentine's Day contains vestiges of both Christian and ancient Roman tradition, but the real origins behind this day are shrouded in mystery!

"One legend contends that Valentine was a priest who served during the third century in Rome. When Emperor Claudius II decided that single men made better soldiers than those with wives and families, he outlawed marriage for young men. Valentine, realising the injustice of the decree, defied Claudius and continued to perform marriages for young lovers in secret.

When Valentine's actions were discovered, Claudius ordered that he be put to death. Other stories suggest that Valentine may have been killed for attempting to help Christians escape harsh Roman prisons where they were often beaten and tortured.

According to one legend, Valentine actually sent the first 'valentine' greeting himself. While in prison, it is believed that Valentine fell in love with a young girl - who may have been his jailor's daughter - who visited him during his confinement. Before his death, it is alleged that he wrote her a letter, which he signed 'From your Valentine,' an expression that is still in use today!"
